ROBLOX is one of the most played, most popular, and most varied games currently available, and all of that has helped make ROBLOX one of the most profitable as well.

SAN MATEO, Calif.--(BUSINESS WIRE)--ROBLOX, a global online platform bringing more than 150 million people together through play, announced today the launch of its free curriculum on Digital Civility to foster positive, safe, and productive online experiences and discussions among students. The curriculum also includes a new ROBLOX game called Digital Safety Scavenger Hunt, which teaches users how to spot unreliable information and stay safe online. Both resources are designed to be used in conjunction and are meant to engage kids and teens who are going back to online learning this fall.

A game that has grown in popularity in recent years is ROBLOX; that means plenty of memes to go along with the growing fan base. The best part about them is that they don't always have to make complete sense as that is the beauty of the game itself. Some poke fun at the game while others choose to laugh at the shenanigans that happen within it.

The curriculum features six sessions (up to 20 hours of content), allowing educators to engage students in ongoing conversations to help develop long-term safety and civility skills. Developed jointly by the ROBLOX Education team in collaboration with Laura Higgins, an expert with over 20 years in online safety and civility who leads ROBLOX's Digital Civility Initiative, this new course is designed to better serve the needs of educators who can freely access ROBLOX's ISTE-certified curriculum to support virtual learning during this ever-changing time.
